Certified Financial Analyst - Investment Banking and Business Finance By
DeZyre University

WORK EXPERIENCE

Deutsche Bank

Profiles:

- Senior Analyst in Reconciliation and Investigation
- Senior Analyst in Cash Operations – SWIFT Payments and investigation

Period of Experience: August 2007 to November 2012

COD-COR Reconciliation (Cash on Delivery – Cash on Receipt)

- Functioned as a Prime broker to Deutsche Bank Settlement Instructions group (DBSI) in buying (COR) and selling (COD) securities (Equities and Fixed Income products) for and on behalf of high risk clients
- Performed on discrepancies in position and cash reconciliations for Prime broker accounts between general ledger and sub-ledger systems
- Identified and manually investigated the discrepancies by looking into Middle office and Back office tools such as E-spear, ADP, DTC, SSR, and On-demand
- Identified the correct shares and money for which there were customer discrepancies and advised DB Prime brokers on adjusting the trades by posting the necessary journal entries to keep customer accounts accurate.

Controls Reconciliation (Principal and Interest)

- Functioned as a Core investigator in analyzing Fixed Income products that have discrepancies on ICI Impact application (Broadridge)
- Advised the Trader or Business Area Controller (BAC) on rectifying breaks by investigating and instructing the Traders to post the necessary entries in the respective Principal and Interest accounts to adjust the discrepancies
- Advised Traders on updating the fixed and floating coupon rate on bonds

P&S Reconciliation (Purchase & Sales)

- Performed Front Office to Back Office (FOBO) reconciliation for position and cash and investigated buying and selling Fixed Income and Equity products
- Investigated trades booked in the Front end system that are not recognized by the Back end system
- Accessed the Traders books on Bloomberg and identified the settled and outstanding position and cash breaks.
- Investigated these items and advised the Trader (front office) to book, cancel or rebook the trade in the front end or back end system.

International Currencies (E-spear Rejects)

- Investigated the outstanding position and cash breaks between Customer accounts and Depot/Nostro Accounts for different currencies
- Ensured that Customer accounts and Depot/Nostro accounts are settled for the exact shares and money for which the front end is booked and settled
- Advised the settlements team to adjust the unsettled shares and money in the account (Customer or Depot/Nostro) by posting the necessary journal entry to offset the break.

CPDG (Consolidated Prospectus & Delivery Group)

- Functioned as a Front Desk/Sales manager to deliver new and existing prospectuses of the companies listed with Deutsche Bank, to clients who are interested in investing in them
- Ensured delivery of the prospectuses requested by the clients in a soft copy or hard copy format based on the preference of the Client and adhered to the rules and guidelines set by the Governing body (Federal Reserve).

Cash Operations (Money Transfer and Payments Investigation)

- Investigated and resolved queries pertaining to money payments made to Non- Bank and Bank Customers via SWIFT and MT103 & MT202 respectively
- Acquired thorough knowledge of CHIPS and FEDWIRE settlement via SWIFT
- Ensured the payment is received on time by the correct Beneficiary
- Followed the regulatory policies of different countries and ensured there is no fraud and money laundering activities by customers making and receiving payments
- Located correspondent banks and their SWIFT codes in various countries for the customer to make or receive payments in different currencies.

TECHNICAL SKILLS

Computer Skills:

- Microsoft Office Word
- Microsoft Office Excel
- Microsoft Office PowerPoint

Application knowledge in:

- Bloomberg
- Smart Stream Reconciliation
- E-spear
- Automated Data Processing (ADP)
- Depository Trust Company (DTC)
- ICI Impact (Broadridge)

ACCOMPLISHMENTS

- Successfully learnt and transitioned/migrated 2 processes from the US to India within a span of 75 days.
- Received certificates for the Financial Markets and Money Market courses prepared by the Learning and Development team of Deutsche Bank.
- Received 6 awards for the following reasons:
 - Being consistent in resolving money only breaks and maintaining Customer Accounts on a daily basis without carrying forward any unresolved breaks.
 - Successfully training and facilitating a complete knowledge transfer to a resource for a process that was being migrated to TCS as part of the ASPIRE project.
 - Being efficient, accurate and multi-tasking while performing Reconciliation and Investigation activities during a period when there were limited resources in the team.
 - Investigating and identifying money differences that occurred due to the feeds failing to load in the Back office Ledger Accounts due to high volume of trades in the market.

SOFT SKILLS

- Effective communication and leadership skills
- Quick learner with a passion for excellence
- Accustomed to working efficiently within high-pressure and fast-paced environments within a team.
- Strong ability to multi-task, prioritize work under strict deadlines
- Highly motivated to work professionally and deliver with quality
- Detailed-oriented, with strong analytical abilities and strategic thinking skills

TRAVEL EXPERIENCE

- Travelled to the US (New Jersey) for a period of 3 months to learn and transition 2 processes to India
- Possess a multiple entry US visa expiring in October 2017
